COVID RESPONSE

Public Accounts and Estimates Committee

03 December 2020
Economic impacts of COVID-19

- Real GSP is forecast to contract by 4% in 2020-21, following a small decline of 0.25% in 2019-20
- Employment fell by 180,000 between the March and September quarters 2020 and is expected to fall by 3.25% in 2020-21
- Taxation revenue and GST grants is predicted to be around $2.5 billion lower than the 2019-20 forecast

Source: Department of Treasury and Finance, Economic Outlook and Recovery, November 2020
Impacts of COVID-19 on industry

- **Trade**: Victorian exports are forecast to fall by $16.4 billion in 2020 and $8.52 billion in 2021.

- **International education**: Victorian international education exports are estimated to decrease by $5.7 billion in 2020.

- **Aviation**: There has been a 98 per cent decline year-on-year of international passengers through Melbourne Airport. However, passenger flights between New Zealand and Melbourne resumed on 16 November 2020.

- **Tourism**: The estimated impact on visitor expenditure in Victoria from COVID-19 and the bushfires for 2020 is $21.7 billion.

- **Creative**: Arts and recreation has been hit hard with at least 53 per cent of the sector dormant.

- **Sport**: Community sport revenue is estimated to have dropped $246 million and will drop by a total of $359 million over 12 months.
