Hi my name is Jakub Mancewicz living in Melbourne. I'm writing to you that myself and many Victorians are struggling because of Dans actions and labor government.

Due to this lockdown there has been a spike in suicides, mental health, physical pain, financial struggles, not being able to see family or friends. Most important one freedom!

Please help us, there is a 99.8% survival rate for Covid 19 we need to learn to live with it. Stats show there is no pandemic if you check active cases to 6.6million Victorians.

It's time to reopen everything ease restrictions to live like human beings again.

This lockdown is causing more harm than good!

Thank you,
Jakub Mancewicz
