Victoria has had the longest lockdown in the world. It is painful and the premier has set unachievable goals. I go to the gym for my health and wellbeing, but according to the current roadmap gyms won't be open until there are 0 cases for 14 days. This has not happened in NSW or QLD.

Masks should not be mandatory especially when walking outside. They have no scientific evidence.

I have lived in Melbourne my whole life, I never thought this would be the case in Australia. We know so much more about the virus now and it is evident that it isn't as deadly as initially thought. I don't understand why we are locked up in our homes waiting for a vaccine (which I will not be injecting into my body)

Today NSW had 11 cases, VIC 6. NSW open economy VIC locked up inside their homes for 22 hours and can't go beyond 5km. Not to mention the powers given to Victorian Police. If Victoria is going to continue this way I will be leaving either the state or country ASAP.

Do you have any additional comments or suggestions?:

Open up Victoria
