Submission:

I am protesting against Covid-19 Omnibus Bill entirely as this Bill is an offense for democracy and freedom even after Clause 16 was removed from the Bill.

I consider Mr Andrews' handling of the pandemic in Victoria as a wrongdoing and my opinion is that under current situation the best for him would be to resign.

Do you have any additional comments or suggestions?:

Some of the measures forced by Mr Andrews government are illogical and just hurt economy and people of Victoria. Examples are 5 km limits, request to wear masks everywhere.
