YOUR SUBMISSION

Submission:

I want this inquiry to investigate on these issues caused by state government of Victoria and Daniel Andrews is hold accountable of these wrong and excessive measures:

- * the avoidable deaths of nearly 800 Victorians due to Labor's second wave of COVID-19,
- * the botched hotel quarantine program that caused the second wave, including refusing to accept ADF support,
- * lying to a Parliamentary committee claiming ADF support was never offered to Victoria for hotel quarantine when it had been,
- * contact tracing failures which have prolonged Victoria's second wave,
- * the cuts made to the public health team, making them the nation's least resourced heading into the pandemic,
- * imposing an arbitrary and potentially illegal curfew without the advice of the CHO,
- * causing the closure of thousands of businesses and the loss of hundreds of thousands of jobs,
- * public housing lockdown and effects on multicultural communities,
- * failure to properly protect frontline healthcare workers with appropriate PPE,
- * mental health effects on Victorians, and particularly young Victorians,
- * the handling of the Cedar Meats cluster,
- * lying about virus modelling supporting the harsh restrictions imposed on Victorians,
- * green-lighting the Black Lives Matter protest in Melbourne's CBD where 10,000 protesters broke health rules without fines,
- * setting virus suppression targets that world-leading scientists say are unduly onerous,
- * risking Victorian and Australian sovereignty through Belt and Road,
- * dragging Victoria's major infrastructure projects over-time and over-budget with the state entering recession prior to the pandemic, and;
- * disrupting the education of all Victorian students.

Thank you very much.

Vicente Tommasi
