Submission:

We need our freedom dan Andrews is out of control he does not have Australians or Melbourne best interest at heart. His putting us in more danger kids risking their own lives by trying to commit suicide

Suicide gone up so much

Elderly are lonely and so sad that they can't see their families

We need to go back to normal

Look at every other state that have covid cases more than us like Sydney for example they can have people in their houses go to music festivals celebrate weddings with heaps of people and they have more cases then us.

Dan Andrews plan isn't working

Dan Andrews needs to go

Dan Andrews sends his family to Queensland to get away from what he is doing and makes out they are here.

Enough is enough

Do you have any additional comments or suggestions?:

Let us have 50 people in a room

Remove masks

Let us have 100 people in a function room

Covid is not as contagious as everyone making out to be
