### YOUR SUBMISSION

#### Submission:

I live in Melbourne and I believe the handling of this “pandemic” deserves answers. Over 800 people have died directly from the hotel quarantine failures, and from these failures we have been in the harshest lockdown in the world. I am a mother of 3 kids under 5 and being stuck in my house with no freedoms has been hard to say the least. The actual data of WHO is getting covid and with what underlining issues does NOT reflect those in lockdown. I am so sick of feeling like we are never getting out of this. Dan Andrews has to be accountable and we need a new leader, he has completely destroyed our state and I fear for what's to come from his actions.

A royal commission is what is needed to get to the bottom of these failures.

#### Do you have any additional comments or suggestions?:

Sack Dan Andrews!
