### YOUR SUBMISSION

#### Submission:

I have observed that the loco down initiated and enforced by the Victorian Premier is destroying businesses and creating unemployment. The following industries are being destroyed

Hospitality, with no restaurants, pubs, hotels or cafes allowed to open. this is a restriction of trade.

The retail industry is prevented from trading resulting in job loss and closure of businesses and restriction of trade.

This despite advice from the World Health organisation that Lockdowns CAUSE more harm and deaths than the covid-19 virus. In addition eminent epidermiologists state that the lockdown is more harmful than the virus. (see attacement).

The lock down also violates the Biosecurity Act of 2015 in that it restricts the freedom of healthy individuals. Notes in the Advocate Me document attached.
