### YOUR SUBMISSION

#### **Submission:**

My main and most important concern:

- The unlawful way in which the Victoria government has managed the situation in regards to COVID-19 so far

#### **Do you have any additional comments or suggestions?:**

That the governments of the world must treat people respectfully as free, sensible and capable adults.

Avoiding always acting unlawfully and in an authoritarian manner. That politicians educate themselves about any relevant matter considering all views and advices, instead of taking and committing to a one-sided approach.
