Submission:

The Victorian Government's response to the COVID-19 Pandemic has been an incompetent, totalitarian over-reaction based on fear and a rash generalisation that what transpired overseas would occur in Victoria also. The response has proven deadly and destructive. The government has actively engaged in religious persecution, the decimation of social / community interaction and businesses; and obliterated any semblance of democracy. The Premier in conjunction with unelected, health "experts" has disregarded genuine health advice from around the world to continue an unjustifiable lockdown with no regard for the long-term impact on the mental health of Victorians and the future viability of the State. The Government is driven by a rabid left-wing barbaric communist ideology which clearly hates any form of religion. The Premier's actions and arrogance match those of the in-human Chinese Communists. He has behaved like a complete and utter dictator. The manner in which the Government and their public service have addressed the Victorian people has been laced with autocratic dictates. Freedom of religion, freedom of speech, freedom of movement and freedom of association have been crushed. The Victorian Police force has supported the commands of the Government and their officials with unacceptable violence and bullying. This government and their public service must be held accountable for their actions which have resulted in the deaths of many Victorians, the demise of numerous businesses, the tarnishing of the name of the State of Victoria throughout the world and the dislocation of the lives of millions of Victorians. CONCLUSION: THE GOVERNOR MUST DISMISS THIS CORRUPT GOVERNMENT NOW!
