

Our recommendation is that:

1. Rather than totally suspend the role of Bail Justices in the IAO process, moving forward it would be far more appropriate to consider technology or other alternatives to allow the Bail Justice involvement in IAOs to continue.
2. Interim Accommodation Orders should have Bail Justice oversight and be assessed in the broader context of fairness, justice and human rights. Any conclusions drawn from the experience of DHHS having unfettered power to engage after hours Interim Accommodation Orders should not be considered solely in terms of perceived efficiencies within the Department.
