YOUR SUBMISSION

Submission:

I believe the governments response to the covid-19 pandemic has been inconsistent and against all human rights.

The federal and state government has abused human rights.

The Labor party specially in Victoria.. the Andrews government have accused the powers and have created so much devastation.

There is no legality of the curfew, 5km rule and mandatory masks.

I consider that the parliament take citizens voices and make changes. It is time for the Andrews government to resign.

Free Victoria

No mandatory masks

No mandatory vaccine

Respect our human rights
