Subject: End duck shooting in Victoria...now,please!
Date: Tuesday, 26 November 2019 4:28:24 PM

Dear Committee Members

I travel extensively throughout my home state of Victoria which is blessed with special and diverse wetlands, home to so many different plants, birds, fish and other species.

I'm pleased to see this inquiry underway and wanted to take the opportunity it presents to raise with the committee my strong opposition to duck shooting.

No inquiry into Victoria's wetlands can be complete without understanding that the decline of wetlands combined with the hunting season has brought our native duck populations to the brink.

I'm very upset and distressed that in 2019, duck shooting continues in Victoria when it has been banned in WA, NSW and Queensland, and was never permitted in the ACT. Why do state laws allow the barbaric slaughter of our wetland birds by shooters who make up a minute proportion of our population?

The shooting of native birds for fun is simply not okay. Up to one quarter of birds that are shot fly away wounded, and will go on to either suffer painful deaths or survive with enduring injuries including shotgun pellets embedded in their bodies.

Across Victoria, Australia and the world, there is growing evidence that our ecosystems are in real trouble and the water bird populations are particularly susceptible to drought, climate change and other threats. These factors make it even more inappropriate for recreational killing of water birds. COME ON, BLOOD SPORT IS NOT WHAT A CIVILISED SOCIETY SHOULD ALLOW! YOU HAVE THE POWER TO STOP THIS....PLEASE USE IT!

On top of this, each 'season' I am confronted by video evidence showing the cruel practices of some hunters and inadequate monitoring by compliance staff.

I hope this inquiry will seriously consider an end to duck shooting in Victoria, and will also provide recommendations for Government actions to restore and protect the wetland habitats all our water birds depend on.

Thank you for the opportunity to share my thoughts.

Yours sincerely,
June Mac
