Subject: End duck shooting in Victoria
Date: Wednesday, 27 November 2019 7:43:59 PM

Dear Committee Members

Victoria is blessed with special and diverse wetlands, home to so many different plants, birds, fish and other species.

I'm very upset and distressed that in 2019, duck shooting continues in Victoria when it has been banned in WA, NSW and Queensland, and was never permitted in the ACT.

The shooting of native birds for fun is simply not okay. Up to one quarter of birds that are shot fly away wounded, and will go on to either suffer painful deaths or survive with enduring injuries including shotgun pellets embedded in their bodies.

Across Victoria, Australia and the world, there is growing evidence that our ecosystems are in real trouble and the water bird populations are particularly susceptible to drought, climate change and other threats. These factors make it even more inappropriate for recreational killing of water birds.

I hope this inquiry will seriously consider an end to duck shooting in Victoria, and will also provide recommendations for Government actions to restore and protect the wetland habitats all our water birds depend on.

Thank you for the opportunity to share my thoughts.

Yours sincerely,
Deviani Segal
