Subject: End duck hunting in Victoria
Date: Saturday, 23 November 2019 7:25:18 PM

Dear Committee Members,

Thank you for the opportunity to make a submission. It is my view that an inquiry into Victoria's wetlands cannot be complete without considering the detrimental impact duck shooting has on wetland biodiversity.

Shooting ducks for pleasure is cruel and unnecessary. From my understanding this is an unnecessary practice that has no environment benefits.

I hope this issue will be taken into account as a part of your review.

Yours sincerely,
Michelle Wyatt
