Dear Ms Blandthorn

Re: Response to question on notice

At the PAEC hearing on 10 December 2019 about Gender Responsive Budgeting, which I attended along with my colleagues Ms Paula Thorne and Ms Renee Benn, we were asked the following question:

Ms STITT: I know some departments and agencies have moved in this area to ensure that there are not those gaps in superannuation contributions, so maybe you can take it on notice. I would be interested to know if you have got any provisions around that.

Mr BRODERICK: Yes, sure.

The SRO complies fully with all of its obligations under the VPS EBA and all legal obligations associated with the payment of superannuation to its employees. The SRO does not have any particular provisions for specific employees or groups of employees.

Yours sincerely,

Paul Broderick PSM
Commissioner of State Revenue
