Environment Protection Authority Victoria Response to Question on Notice**

Ms VALLENCE: No, that was not the question. Thanks for taking that on notice. Additionally—and perhaps this is also another one on notice, but you can let me know—in the EPA’s annual report, page 83 states that the EPA received \$186 million in revenue. I imagine potentially the figures are different—the amount out of the \$204 million in your budget and the amount of aggregate revenues in your annual report may be different. So if I could also have a breakdown of that \$186 million provided to the committee.

Mr BRADLEY: Do you mind if I just check and see if the CEO is in a position to answer you now, Ms Vallence?

Mr MIEZIS: I think we will take that one on notice.
