John Eren, MP  
Road Safety Committee  
Level 8  
35 Spring Street  
MELBOURNE VIC 3000

Dear Mr Eren,

## CALL FOR SUBMISSIONS FOR INQUIRY INTO IMPROVING SAFETY AT LEVEL CROSSINGS

Thank you for the opportunity to provide a submission into Improving Safety at Level Crossings.

As you would be aware, VicTrack is heavily involved in Level Crossing Safety as the Agent for the management and delivery of the Government's crossing upgrade program. This work is being undertaken under the guidance of the Victorian Railway Crossing Safety Steering Committee (VRCSSC) of which VicTrack is a member.

As the VRCSSC was established to provide guidance to the Government on rail crossing issues and VicTrack is a member of this Committee, VicTrack will be assisting in the preparation of a submission from this Committee. Accordingly, VicTrack will not be forwarding a separate submission on this occasion.

If you require any further information, please contact Geoff Walker on 9619 8847.

Yours sincerely,

Greg Holt
