I refer to your letter addressed to our CEO and received by Council on 24 April 2009, inviting the City of Greater Dandenong to make a submission to the Road Safety Committee for the inquiry into pedestrian safety in car parks.

Please note requested information as follows:

1. The type and number of car parks our Council has.

</tbody>
</table>

2. The type and number of crashes that occur at each of these car parks.
   No recorded or reported crashes, involving pedestrians, in Council car parks, to date.

3. Any measures that the Council has introduced to improve safety of pedestrians at car parks.
   Council introduced zebra crossing at the Dandenong Market car park to enhance safety of pedestrians on non-market days when the car park is being used by forklifts loading and unloading goods.

4. Any suggestions the Council would like to make with the aim of improving safety at car parks.
   - Relevant Australian Standards should be adhered to at all times.
   - Car parks should be regularly inspected to identify and address potential pedestrian safety hazards.
