Dear Mr Edward O'Donohue

I urge you to repeal the Charter of Human Rights and Responsibilities Act 2006 Victoria for the following reasons:

The Charter can be used to undermine the impartiality and independence of the Judiciary. Judges could be drawn into moral controversy in being required to interpret and apply the Charter.

The law is there to keep the peace between individuals not to fall victim to Political Correctness. We already have a sophisticated legal system in Victoria namely the civil and criminal law and the Courts system.

For these reasons we do not need a Charter of Rights. It is interesting to note that some countries that have squeaky clean Bills of Rights also have some of the highest Human Rights Abuses in the world.

Thank You and God Bless

Emidio Restall
