380.	<i>Environment, climate change and water</i>	3184
381.	<i>Environment, climate change and water</i>	3184
416.	<i>Housing, disability and ageing</i>	3184

QUESTIONS ON NOTICE

Answers to the following questions on notice were published in the questions on notice database in the period shown. Questions have been incorporated from the question paper of the Legislative Assembly. Answers have been incorporated in the form supplied by the departments on behalf of the appropriate ministers. The portfolio of the minister answering the question on notice starts each heading.

21 August to 3 September 2015

Roads and road safety

350. Ms **VICTORIA** to ask the Minister for Roads and Road Safety — With reference to the Mountain Highway and Scoresby Road, where each intersects with a level crossing in Bayswater:

- (1) What is the average daily weekday traffic flow count for each site.
- (2) How many pedestrians cross there daily.
- (3) How many cyclists cross there daily.
- (4) How many cyclists use each road daily.
- (5) How many vehicular accidents have occurred at each site, what was the severity and outcome and did the accident involve police attendance or fatalities.
- (6) How many pedestrian accidents/fatalities have occurred at each site.
- (7) When was the above data collected.

ANSWER:

I am informed that, as at the date the question was raised:

The below statistics have been provided to respond directly to the above questions. These statistics do not represent the associated congestion, safety, economic or public transport impacts of each level crossing and do not provide an accurate comparison of level crossings.

The traffic volume statistics were recorded on 5 May 2015 by the VicRoads SCATS system. Please note that traffic volume statistics do not identify the type of vehicle, length of trip, origin or destination.

Mountain Highway

Vehicle	No. of vehicles per day
All vehicles	42846

Scoresby Road

Vehicle	No. of vehicles per day
All vehicles	22162

Up to date pedestrian and cycling numbers are not available.

Vehicle crash statistics, pedestrian accidents and fatalities have been recorded by multiple organisations, in different systems, and are not available in a consolidated format.

Providing these statistics requires further clarification as to what incident types (vehicle, train, pedestrian and bicycle) and over what time frame this information is requested. In addition to this, providing these statistics requires significant data consolidation and validation which would currently be an unreasonable burden on resources.

Public transport

354. **Mr R. SMITH** to ask the Minister for Public Transport — When is construction work expected to begin at level crossing removal sites at:

- (1) Centre Road, Bentleigh.
- (2) McKinnon Road, McKinnon.
- (3) North Road, Ormond.

ANSWER:

I am informed that, as at the date the question was raised, construction of all three projects will start in late 2015.

Environment, climate change and water

380. **Mr R. SMITH** to ask the Minister for Environment, Climate Change and Water — With reference to fuel reduction burning in Warrandyte State Park:

- (1) When are fuel reduction burns scheduled in the Park over the next two years.
- (2) In which areas of the Park are fuel reduction burns scheduled over the next two years.

ANSWER:

I am informed that:

All information regarding fire operation plans is available at www.delwp.vic.gov.au/fire-and-emergencies/managing-bushfire-risk/fire-operations-planning.

Environment, climate change and water

381. **Ms SANDELL** to ask the Minister for Environment, Climate Change and Water —

- (1) What authority is responsible for regulating the noise of helicopter flights to and from helipads.
- (2) What recourse is open to residents who experience discomfort from having a helipad within 50 metres of their home, being used for commercial profit.

ANSWER:

I am informed that:

The most relevant Australian and Victorian standards relating to low flying aircraft and noise management, administered by the Civil Aviation Safety Authority (CASA) and the Victorian Environment Protection Authority (EPA), respectively, exclude noise during take-off and landing. In approving the location of helipads, planning approval takes into account the noise generated by landing and take-off of helicopters.

Residents experiencing discomfort from a commercial helipad operation can register a complaint with Airservices Australia, or approach their local council to get a better understanding of any planning permit conditions, such as hours of operation, to ensure that the helipad is being operated within the conditions under which the permit was granted.

Housing, disability and ageing

416. **Ms SANDELL** to ask the Minister for Housing, Disability and Ageing — What are the exact numbers of properties acquired for the East West Link project that are currently available for private lease.

ANSWER:

I am informed that:

QUESTIONS ON NOTICE

21 August to 3 September 2015

ASSEMBLY

3185

This matter does not fall within my portfolio responsibilities and the member should refer the question to the appropriate minister.
