Questions.

- 1. Mr. H. McKenzie: To ask the Honorable the Premier if, in view of the fact that some of the organizations in this State favour the totalizator as a means of aiding the charities, the Government will introduce a Bill this Session to legalize the totalizator.
- 2. Mr. Prendergast: To ask the Honorable the Treasurer
 - 1. Whether his attention had been directed to the case of a feeble old man named Thos. Sefton, who, according to the press, was found at Beaufort lying on the footpath by the police, who used every endeavour to get him to enter a benevolent asylum, but without avail. The man was partly paralysed, and was sent by magistrates to Ballarat gool for fourteen days for medical treatment.
 - 2. Does he consider it proper to commit poor and old and sick people to gaol in preference to a hospital or nursing home.
 - 3. If he will take steps to see that such cases of poverty are accommodated otherwise than in gaol.
- 3. Mr. J. W. Billson: To ask the Honorable the Minister of Railways if the intimation of the Railways Commissioners made to representatives of the men to the effect that they will pay a wage of 8s. 6d. per day to general builders' labourers applies also to men employed in excavating for a building, and will 8s. 6d. per day be the minimum wage paid to any class of supernumerary employés engaged on building construction work at Newport, Jolimont, and South Yarra.
- 4. Mr. Hogan: To ask the Honorable the Premier-
 - 1. If he has carried out his promise given in this House on 1st July instant to bring before the Cabinet the matter of having the restrictions on the export of Victorian potatoes to Western Australia looked into with the object of ascertaining what the Government's powers are to protect the Victorian farmers; if so, what has been done.
 - 2. If he knows that the export season will soon close, and that, if immediate action is not taken by the Government, serious loss will be inflicted on the Victorian potato-growers.
- 5. Mr. A. A. FARTHING: To ask the Honorable the Minister of Public Instruction-
 - 1. If he is aware that in some schools where religious instruction is given between 9.15 and 9.45 a.m. the non-attendants are forced to assemble at 9.15 and marched to places in school while such religious instruction is in progress; if so, does he think the spirit of the secular clauses is thus being upheld.
 - 2. If he will justify teachers who may punish children for not thus being in line to be marched in, though religious instruction is in progress.
 - 3. If such action is illegal and contrary to the provisions of the Act, will be order such practices to be forthwith discontinued.
 - 4. If a teacher would be justified in objecting to control such non-attending children so detained while religious instruction is in progress.

Question.

1. Mr. Prendergast: To ask the Honorable the Premier if there be any truth in a statement, by telegram from Kilmore, in the Age newspaper that a patient named Leslie Gordon Duncan had died there after leaving by will to the Kilmore Hospital £1,500 and interest in a mortgage. Five hundred pounds of this amount had been paid over, and the balance had yet to come. The telegram further states "Two children are reported to be dependent on the interest in the balance of the estate, and are at present in receipt of an allowance. The London solicitors suggested that the hospital authorities should forego any claim to the balance of the money in the estate, otherwise the children would be left penniless. The matter was submitted to the Inspector of Charities, and word has been received that Sir Alexander Peacock, the Premier, takes strong exception to the hospital foregoing any portion of the legacy, and insists upon its claiming the whole amount, although the members of the board expressed a willingness to accede to the London request rather than see the children left without support. The hospital authorities have had to comply with the Government's request as an alternative to losing a considerable amount in subsidy."

Questions.

- 1. Mr. Keast: To ask the Honorable the Minister of Agriculture-
 - If it is the intention of the Government to call a conference of the fruit-growers with a view of
 opening up new markets for the export of apples and other fruits, seeing that the Hamburg
 markets are closed against the Victorian growers.
 - 2. If so, will he see that all the small districts which have fruit for export get due notice, and that they will not be overlooked when allotting space.
 - 3. If he will take into consideration the question of allowing small exporters a slight advance on consignments for export when the fruit is put on board at Melbourne.
- 2. Mr. Elmslie: To ask the Honorable the Chief Secretary if it is the intention of the Government to introduce the Gold-marking Bill during the present Session; if not, what steps are being taken in regard thereto.
- 3. Mr. Keast: To ask the Honorable the Minister of Agriculture-
 - If any complaint has been made to the Department with reference to the importing of grass seeds and cereals into Victoria from New Zealand, which country in many parts is badly infested with Californian thistles.
 - 2. If he will give instructions that all grass seeds and cereals shall be free from this noxious weed.
 - 3. Does he not consider that it will be very disastrous for this State if grass seeds and cereals imported here contain Californian thistles.
- 4. Mr. Solly: To ask the Honorable the Minister of Railways -
 - 1. If it is true that, whilst railway employés on the daily-paid staff receive the minimum wage of any higher position in which they are relieving, employés on the salaried staff are compelled to relieve in positions carrying a higher salary of from £25 to £100 per year without receiving any allowance in addition to their ordinary salary.
