(a) Prior to 1863 all were Road Districts. In 1863 eight, in 1864 thirty-four, in 1865 forty-five, and in 1867 fifty-one, of the number were Shires.—(b) The total and annual value for the year 1862 does not apply, as in other years, to all the rateable property in the district, but only to messuages, tenements, and dwelling-houses.

WILLIAM HENRY ARCHER, Registrar-General.

(a) The balances for and against the several Shires and Road Districts are respectively represented by the plus sign (+) and the minus sign (-).—(b) These figures are copied from the return for 1865, since when no estimate has been furnished of the population or number of dwellings in the Shire of Belfast.—(c) No returns have been received from the Shire of Hampden or the Road District of Pyalong for the year 1867, although they have been repeatedly applied for; these figures have therefore been copied from last year's return.

NOTE.—In cases where the Revenue and Expenditure, as returned by the local authorities, have not been reconcilable with the balances brought and carried forward at the beginning and end of the year, or where it was known that the amount of contractors' deposits had, contrary to instructions, been included in the statement furnished, the figures have been corrected from the printed balance sheets of the several Shires and Road Districts. Wherever an asterisk (\*) occurs the information has not been supplied.

WILLIAM HENRY ARCHER, Registrar-General.

NOTE.—The Aborigines have not been enumerated since the 25th September, 1863. From the reports of the Honorary Correspondents it would appear that there has not been any serious decrease in the number since that period.
