\* The financial year of Melbourne and Geelong ends on the 31st August, that of all other municipalities on the 30th September.—† Including expenses of audit, collection of statistics, making valuation, commissions paid in lieu of salaries, &c.—‡ In many instances the value of town halls, furniture, waterworks, &c., has been reckoned by the municipal authorities as part of the assets.—§ In this column the amounts of outstanding loans have been included with the liabilities.

NOTE.—The revenue of and expenditure on local waterworks are not included. The returns of revenue and expenditure represent the net receipts and expenditures of the year under review, exclusive of credit and debit balances, bank overdrafts, loans, &c.; to ensure uniformity and accuracy, therefore, the returns in which these items were in the first instance included have been corrected from the printed balance-sheets.

<sup>1</sup> These figures have been copied from the census return of 1881, as the number furnished by the Shire Secretary is so much under-stated.—  
<sup>2</sup> The Shire of South Shepparton having only recently been formed, its statistics are still included in the Shire of Shepparton.—<sup>3</sup> This is an extra rate levied on the South riding only.
